

## Colorado Board of Nursing now requires English Language Proficiency Report

The Colorado Board of Nursing now requires the CGFNS English Language Proficiency Report to accompany the CES Healthcare Profession & Science Report for all RN and LPN applicants applying for licensure by exam. The new requirement takes effect 1 July 2008 and applies to all NEW applications received on and after that date. Anyone who has already applied for CES for Colorado PRIOR to 1 July 2008 is not required to have the English Language Proficiency Report.

The Colorado Board of Nursing now requires proof that the applicant has achieved a passing score on the English Proficiency examinations required by the Department of Homeland Security for certification

of health care workers in section 343 of the Illegal Immigration Reform Immigrant Responsibility Act of 1996. The Board will accept the same exams and minimum passing scores required for *VisaScreen*®.

After 1 July 2008, applicants who want to be licensed by the Colorado Board of Nursing will need to apply for the CGFNS Credentials Evaluation Service Healthcare Profession & Science Report PLUS the CGFNS Language Proficiency Report: English and pay \$403 for this service (\$328 for the Healthcare Profession & Science Report; and \$75 for the CGFNS Language Proficiency Report: English).

## CGFNS International does not accredit nursing schools

CGFNS International provides credentials evaluation services to promote the health and safety of the public. This includes verifying that applicants have attended a government-approved school. CGFNS relies on official governmental entities in the countries where the education and training were completed to determine whether or not a school is approved.

**Please be advised that CGFNS International does not accredit or approve nursing schools.** Any implication that an educational or training program is "approved" by CGFNS International is inaccurate, misleading and subject to possible sanction. To date, action has been taken against a number of entities that have falsely claimed to be accredited, approved or associated with CGFNS International.

## Want to prevent having to retake the English Language Proficiency exam?

Plan accordingly. English Language Proficiency test scores are valid for two years. This two-year time frame must coincide with the receipt of all required documents, otherwise the scores will expire and applicants will need to retake the required English Language Proficiency exams.

**Please note:** We have noticed a number of applicants applying for our services with English scores that are about to expire, and that doesn't allow CGFNS sufficient time to receive the remaining required documents before the scores expire. Unfortunately, this means that the VisaScreen® Certificate cannot be issued because the applicant must retake the required English exams.

You are responsible for any additional fees associated with processing your VisaScreen® application.

4. Proof of English proficiency through examination (scores are valid for two years) or by exemption as designated in the VisaScreen® handbook.
5. Certified English translation of all documents not in English. **Note:** CGFNS/ICHP is unable to accept any transcript or licensure documentation sent by email, fax or via the Internet. All official documentation must be in hard copy format with the appropriate seals and sent to CGFNS/ICHP by mail or courier.
